### About the course

The course is suitable for all abilities.

A day of experimental mark making techniques and developing a looser way of painting with established local artist Annie Coxey.

If applicable, a charge will be made for additional materials purchased during the course.

### What will the course cover and how will it be taught?

The workshop will focus on mark making techniques and experimenting with water based materials (acrylic paint and inks). After a brief look at Annie's work in the exhibition, the group will start with a demonstration from Annie showing techniques she uses in her paintings. Then we will progress to some mark making activities to warm up. In the afternoon we will progress to lots of experimental practical work - we will concentrate on having fun with the materials!

### What do I need to bring with me?

Please bring a selection of acrylic paints, brushes and equipment you already use and any water-based inks.

Or you can purchase directly from the tutor for approximately £15 per person.

Annie will provide paper and some mark making equipment. Please wear old clothes and bring an apron.

Please bring a pen, notebook and your glasses, if you need them.
