About the course

This is an intermediate level course for students who have a reasonable knowledge of Italian and wish to build upon it, looking into language usage in more depth and gaining greater confidence in their ability to communicate in an Italian-speaking environment on a wider range of topics.

You will be given handouts where appropriate. If you are new to the class you will be required to purchase a moderately priced course book to work from. Details will be provided at the beginning of the course.

If you wish to join this course please ask to be put in touch with the tutor to discuss the suitability of the level.

What will the course cover and how will it be taught?

As ever, there will be an emphasis on developing speaking and listening skills, but as we do so, less familiar areas of grammar, such as conditionals and the impersonal form (among others), will be introduced and practised. Vocabulary will be extended and you will continue to meet points of idiomatic everyday expression. Reading and writing exercises will help consolidate classroom learning. All will take place in a relaxed and light-hearted atmosphere! A moderate amount of homework will be set.

What do I need to bring with me?

Please bring a pen, notebook and your glasses, if you need them.
