### About the course

This course is for those who have already completed 4 years' study, have a O level or can express themselves in the present, past and future tenses.

### What will the course cover and how will it be taught?

During the course you will learn to describe your interests and leisure, express your ideas with confidence on a range of topics, talk about present, past, future and conditional events.

A wide range of activities will be used to encourage all students to participate and progress: listening and reading, question and answer, role-plays, communication games and grammar exercises.

You will study some authentic documents: read articles from French newspapers and listen to French radio programs.

There will be opportunities for individual, pair and group work as well as teacher led activities.

### What do I need to bring with me?

Please bring a pen, a notebook, a French dictionary if you have one and your glasses, if you need them.
