### About the course

If you are at a stage where you feel ready to move into the early intermediate stages of language learning this is the course for you. You will consolidate and extend your knowledge of more elementary Italian, in terms of grammar, vocabulary and everyday expression.

You will be given handouts where appropriate. You may be required to purchase a moderately priced course book to work from. Details will be provided at the beginning of the course.

This course is a continuation from the autumn; if you would like to join please contact the Brewery so you can be put in touch with the tutor to assess your level.

### What will the course cover and how will it be taught?

During the course you will work on extending the range of situations in which you can express yourself in Italian, developing your level of fluency, and improving your accuracy in sentence structure. The emphasis will, as ever, be on developing speaking and listening skills, with lots of opportunity for pair and group work. Reading and writing exercises will also help broaden your range of language. The approach will be focussed, but relaxed, supportive and light-hearted at the same time. A moderate amount of homework will be set weekly for consolidation.
